

Digital Billboard Review

The City staff is holding public meetings RIGHT NOW on off-premise digital billboards – whether to allow more, what changes should be made, or whether to say no more. More about Scenic issues [Here](#). (link to hca scenic page)

They are making a real effort to get public input. The last two public meetings will be:

Monday, July 6, at 6 p.m. Memorial Library 3222 Culebra
Thursday, July 16, at 6 p.m. The Tool Yard 10303 Tool Yard

On the following link, [://www.sanantonio.gov/dsd/?res=1280&ver=true](http://www.sanantonio.gov/dsd/?res=1280&ver=true) the City has posted the responses to their survey form, which is filled out at the public meetings.

You'll see a section titled: Proposed Ordinances. Under there you'll see info on the tree ordinance which is being "attacked" and second, "Digital Off-Premises Sign Ordinance."

Among the questions asked, see responses below of the last two meetings.:

As you can see, not many folks are responding. If you cannot attend, City staff is accepting comments until July 31 at: Andrew Spurgin [207-8229] [.Spurgin@sanantonio.gov](mailto:Spurgin@sanantonio.gov)

Please contact Mr. Spurgin and let him know where you stand. It will only take a minute.

City staff has said they will report to City Council in September with their analysis of the results of the public meetings and that City Council will give them direction about what to do. So, I suggest you contact your City Council representative as well.
