

Call for Volunteers!

The Rainwater Revival is coming to Dripping Springs on 10-9-10 and we're harvesting volunteers!

A brainstorm of the Hays County Water Conservation Working Group, The Rainwater Revival supports the mission to spread the good word on rainwater harvesting and water conservation, the importance of which grows with our ever increasing population. We welcome motivated and enthusiastic people who enjoy helping others, working with supportive colleagues, and contributing to increased awareness of rainwater harvesting. We all survived a historic drought last summer, let's celebrate the rain's return and fill up our community with water conservation knowledge!

For more event information and an opportunity to enlist in the planning and/or production of The Rainwater Revival, please join us Tuesday, February 23, 2010 from 6:30 pm to 8:00 pm at:

**Hays County Precinct 4 Building
195 Roger Hanks Parkway
Dripping Springs TX 78620**

For more information now, please email:
info@rainwaterrevival.com

Feel free to spread the word.
