

Better Lights for Starry Nights

Join us for one of two great Hill Country Alliance Dark Sky Programs

Learn how to save money, preserve our night skies and enjoy some star gazing!

Monday • May 12, 2014 • 6:30 pm

Hill Country University Center in Fredericksburg | 2818 Highway 290 East

AND

Friday • May 16, 2014 • 7:30 pm

Enchanted Rock State Natural Area Group Pavilion, ½ mile north of park gate

Star Gazing with Hill Country Astronomers after the program

Fun, Free, Open to the Public, Kids Welcome!

A dark night sky full of big bright stars is important here in the Hill Country, just like clean rivers, scenic vistas and natural landscapes. Little by little, light-by-light, the magical mystery of the big Texas night sky is diminishing. But it's not too late to reverse this trend. You can help!

- Bill Wren of the McDonald Observatory will share his expertise on the value and simple strategies to protect starry skies.
- Learn Money Saving Tips - what you can do to "fix" wasteful outdoor lights at your home, ranch, neighborhood and community
- Sports fields, commercial buildings, schools can all be safely and effectively lit in ways that reduce light pollution – find out how
