

# Bringing Back the Milky Way!

*Learn how to save money, preserve our night skies and enjoy the stars!*

**Please join us to learn about “Better Lights for Starry Nights.”**

Sunday • June 9<sup>th</sup>, 2013 • 7:30 pm (doors open at 7:00)

Medina Community Library, Hwy 16, Medina, TX

Fun, Free, Open to the public

*A dark night sky full of big bright stars is important here in the Hill Country, just like clean rivers, scenic vistas and natural landscapes. Little by little, light-by-light, the magical mystery of the big Texas night sky is diminishing. But it's not too late to reverse this trend. You can help!*

- Bill Wren of the McDonald Observatory will share his expertise on the value of starry nights and simple strategies to protect the Texas night skies.
- Learn money saving tips - what you can do to "fix" wasteful outdoor lights at your home, ranch, neighborhood and community.
- Sports fields, commercial buildings and schools can be safely and effectively lit in ways that reduce light pollution – find out how.
- The charm of the Hill Country will be enhanced as our community works together to create starry nights for future generations.
- Learn more about protecting Starry Nights at [HillCountryNightSkies.org](http://HillCountryNightSkies.org).

**Medina Community Library**  
*“the best little library in Texas”*
