Wednesday, June 28, 6:30pm
William R. Sinkin Eco Centro
1802 N. Main Ave.

-Did you know that landscape irrigation is the #1 cause of water wasting in San Antonio?

This workshop will show participants how to:

Identify components of their irrigation system

Optimize their irrigation system to run at peak efficiency

Make small repairs, and know when to call a professional

Take advantage of SAWS programs for irrigation rebates, and how to use this money to reinvent you landscape or harvest rain water.
