

# Local Control Options for Hill Country Counties

A Public Forum about Managing Development and Land Use in Unincorporated Areas.

## Preserving the Hill Country We Love

- What happens when the federal, state or local laws and regulations lend themselves to land fragmentation and degradation?
- What are land owners to do when their neighbor's business causes concerns about long term health and safety, with little to no recourse except through expensive nuisance lawsuits?
- How do you as a land owner protect your property value when your neighbor is allowed by law to compromise it?
