

Kerrville Runs on Water Mural Unveiling & Block Party

Photo Credit: Jerry Sargent

WHERE: 1712 Water St, Kerrville, TX 78028

WHEN: May 4 from 1-3 pm

**Celebrating art, culture, history and the water
that keeps it all running.**

Texas' history is shaped by our rivers. In Kerrville, the Guadalupe River is the heart of the community. Fed by the ancient springs of the Edwards and Trinity Aquifers, Kerrville's earliest inhabitants depended on the river as they settled the land. Today, the river continues to shape our history. Everything we love about Kerrville - the natural environment, festivals and events, our vibrant communities - all Run on Water. This mural, created by The Artist Couple, Gary Lovelace and Melissa Muse, is a celebration of Kerrville's history and its deep connection to water.

About Texas Runs on Water®

Texas Runs on Water is a Texas Water Foundation campaign working to address the state's growing water supply needs. By collaborating with local partners across the state, we are inspiring all Texans to value water.

Event Details

Join us in celebrating Kerrville's newest mural and learn about the water resources that make Kerrville so special!

Unveiling and Block Party will feature:

- Live music
- Remarks from partners at 2PM
- Information and kid-friendly activities throughout the event presented by Hill Country Alliance, Riverside Nature Center, Upper Guadalupe River Authority, Kerr County Water Alliance, & Texas Runs on Water

Contributors

This mural was made possible through the generous support of the Texas Water Foundation, Hill County Alliance, Upper Guadalupe River Authority, Kerrville Community Arts Program, and contributions from the community.
