

PreK-12 Place-Based Education Workshop - August 11-12, 2023

Join LBJ National Historic Park, the Cibolo Center for Conservation, and Teton Science Schools for a workshop focused on place-based education. This two-day workshop will provide teachers with the chance to: develop TEKS-aligned, place-based lessons they can use with their students; network with other teachers and support each other; and discuss the unique challenges and opportunities of place- and nature-based teaching in their communities.

**Day 1: Cibolo Nature Center,
Boerne, TX**

**Day 2: LBJ National Historical Park,
Stonewall, TX**

transportation provided between
Boerne and Stonewall
