

"To all naturalists: the BAT is the biological team of wildlife experts for the SEP-HCA (Southern Edwards Plan for the Habitat Conservation Advisory). We are landowners, developers, naturalists, and government officials trying to protect and conserve what's left of the Texas Hill Country.

Please join us for the core group meeting: the wildlife experts at the nature center this Friday 9-3...come for some or all.

Many thanks for your interest, Myfe Moore, HCNC Founder.

**BIOLOGICAL ADVISORY TEAM
OF THE
