

Texas Watershed Stewards

The Texas Watershed Steward program is a free, one-day educational workshop designed to help watershed residents improve and protect their water resources by getting involved in local watershed protection and management activities.

October 22, 2009: 8:00am-4pm

Wimberley Community Center
14068 Ranch Road 12
Wimberley, TX 78676

The workshop will provide an overview of water quality and watershed management in Texas. It will primarily focus on water quality issues in the Cypress Creek

watershed as well as efforts by the community, the River Systems Institute, and the Texas Commission on Environmental Quality to help improve water resources and the health of the surrounding watershed.

Pre-register for the workshop by going to:
<http://tws.tamu.edu>.
