

# CITY OF KYLE

## *City Council Proclamation*

**WHEREAS,** the aesthetic beauty and wonder of star-filled skies are the heritage of all humankind and locally to the inhabitants of Kyle and are therefore worthy of celebration; and

**WHEREAS,** the experience of standing beneath a star-filled night sky inspires feelings of wonder and awe, and may encourage interest in science and nature especially among young people; and

**WHEREAS,** the opportunity to view star-filled skies attracts tourists to our region and therefore economic benefit to Kyle and all of Hays County; and

**WHEREAS,** preserving the rich historic heritage and starry night skies of Kyle is important to its residents; and

**WHEREAS,** "light pollution," which is wasted light that performs no function or task and artificial light that goes where it is not supposed to go, is created by glare, light trespass, sky glow, and overlighting; and

**WHEREAS,** light pollution wastes natural resources amounting to at least \$2 billion per year and contributes to diminished American energy independence; and

**WHEREAS,** the historical view of the night skies has been eroding in many nearby areas and generations are growing up with limited, if any, view of the wonders of the universe; and

**WHEREAS,** the influx of people into the Texas Hill Country region and the accompanying light pollution from area lighting fixtures has been steadily on the rise; and

**WHEREAS,** solving the problem of light pollution involves making better use of outdoor lighting to direct light down to where it is needed instead of upward into the sky, putting outdoor lights on timers and using outdoor lighting only where necessary; and

**WHEREAS,** Hill Country communities are increasingly dedicated to the preservation of the region's night skies, as evidenced by the frequent educational activities conducted in our region and by the increasing number of places in our region recognized as International Dark-Sky Places by the International Dark-Sky Association, including: Enchanted Rock State Natural Area, South Llano State Park, the City of Dripping Springs, the Wimberley Valley, the City of Fredericksburg, the City of Horseshoe Bay, U Bar U Camp & Retreat Center, River Hills Neighborhood of Travis County, Lost Creek Neighborhood of Travis County and other places in the Texas Hill Country that are actively seeking this designation; and

**WHEREAS,** Hays County Chapter Texas Master Naturalists and the Hays County Friends of the Night Sky have devoted many hours in Hays County to share the wonder of our night skies, and promote responsible lighting to help us see better at night; and

**WHEREAS,** this regional effort and the preservation and celebration of our night skies is worthy of a month-long celebration.

**NOW THEREFORE,** I, Robert Rizo, by virtue of the authority vested in me as City Councilman of Kyle, do hereby proclaim:

1. That October 2020 shall hereafter be known as "Hill Country Night Sky Month" in Kyle, Texas.
2. That the City of Kyle encourages citizens to enjoy the night sky and to participate in Hays County and the Hill Country region's events and programs celebrating the night sky and promoting the ways in which communities are working to preserve it.
3. That the City of Kyle encourages citizens to learn about light pollution and why it matters, night sky friendly lighting, and lighting regulations, and to implement practices and lighting improvements that will reduce light pollution, thereby preserving our night skies.
4. That the City Secretary is hereby instructed to post this Proclamation for Public Display and enter this document into the permanent records of the City of Kyle.

Robert Rizo, Council District 3
